

## Update on Snowy Owl Chick 6: "Snowy's doing great!"

Back in November, we shared the successful rescue story of Snowy Owl Chick 6 (affectionately called "Snowy") as she was found injured and rescued through the efforts of many people across multiple states- read about her story in our post from November 10, 2022: [Snowy Owl Chick Rescued Through Multi-State Effort!](#)

A few days ago, we reached out to Brooke Tanner at Wild Skies Raptor Center for an update on Snowy's condition, and she kindly shared some recent photos and a brief update.

More information & photos about Snowy, and about how you can help support her continued care, on ORI's website:

Snowy in her enclosure at Wild Skies Raptor Center on November 30, 2022.

**Fish and Wildlife**

**Presentation:** The Breeding Ecology  
of Snowy Owls

**When:** Thursday, January 19, 2023 | 7  
p.m. PST/ 8 p.m. MST

**Where:** In-person at the Cypress  
Community Center, or watch online. No  
registration required.

---

The [recent sighting of a Snowy Owl in Cypress, California](#), has generated excitement and curiosity about this amazing raptor. Sea and Sage Audubon Society, with the California Department of Fish and Wildlife, are hosting Denver Holt on Thurs. January 19, to share insights from his more than 30 years of research on Snowy Owls, focusing on their breeding ecology.

Denver will also share general information about Snowy Owls, including their behavior and movements- such as why they may travel from their breeding grounds in the Arctic to more southern latitudes- even all the way to southern California!

Visit ORI's website for more information and to find the Zoom link:

## Come work with us!

ORI is hiring for two positions for the 2023 nesting season: an intern and a field assistant. The positions will begin on March 1, 2023, and end on July 15 (some flexibility is possible). These are paid positions, and shared housing is provided. Applications will be reviewed starting on January 16, 2023.

For more information on the positions and how to apply, visit our website:
